JOINT COMMUNIQUE

Between Workers' Party of Korea and Communist Party of Spain

— Full Text —

At the invitation of the Central Committee of the Workers' Party of Korea, the delegation of the Communist Party of Spain headed by Comrade Santiago Carrillo, General Secretary of the Communist Party of Spain, paid a friendship visit to the Democratic People's Republic of Korea from Oct. 7 to 17, 1969.

Comrade Santiago Alvarez, Member of the Executive Committee of the Central Committee of the Communist Party of Spain and General Secretary of the Galicia Communist Party; and Comrade Gregorio Lopez Raimundo, Member of the Executive Committee of the Central Committee of the Communist Party of Spain and General Secretary of the United Socialist Party of Cataluna; came as members of the delegation of the Communist Party of Spain.

During its stay in Korea the delegation of the Communist Party of Spain visited Mangyongdai, the cradle of the Korean revolution and the Korean Revolution Museum and factories and enterprises, cooperative farms and educational and cultural institutions in Pyongyang, Hamheung, Kaesong and Nampo cities and was accorded a warm welcome and hospitality by the Korean people everywhere it went.

During the visit talks were held between the delegation of the Workers' Party of Korea and the delegation of the Communist Party of Spain.

Present at the talks from the side of the Workers' Party of Korea were Comrade Kim Il Sung, General Secretary of the Central Committee of the Workers' Party of Korea, who headed the delegation of the Workers' Party of Korea; and Comrade Choi Yong Kun, Member of the Political Committee and its Presidium, of the Central Committee of the Workers' Party of Korea and Secretary of the Central Committee of the Party; Comrade Kim Jung Rin, Candidate Member of the Political Committee of the Central Committee of the Workers' Party of Korea and Secretary of the Central Committee of the Party, and Comrade Kim Yong Nam, vice-Director of a Department of the Central Committee of the Workers' Party of Korea, who were members of the delegation.

Present at the talks from the side of the Communist Party of Spain were Comrade Santiago Carrillo, General Secretary of the Communist Party of Spain, who headed the delegation of the Communist Party of Spain; and Comrade Santiago Alvarez, Member of the Executive Committee of the Central Committee of the Communist Party of Spain and General Secretary of the Galicia Communist Party, and Comrade Gregorio Lopez Raimundo, Member of the Executive Committee of the Central Committee of the Communist Party of Spain and General Secretary of the United Socialist Party of Cataluna, who were members of the delegation.

At the talks views were exchanged between the two sides on the question of further developing the relations of friendship and cooperation between the two Parties and other questions of common concern.

The talks proceeded in a friendly and comradely atmosphere.

The delegation of the Communist Party of Spain spoke highly of the fact that rallied steel-strong with one ideology and one will around the Workers' Party of Korea and Comrade Kim Il Sung, the Korean people who inherited the brilliant revolutionary traditions of the 15-year-long glorious anti-Japanese armed struggle have splendidly embodied the great ideas of *Juche* and the revolutionary line of independence, self-sustenance and self-defence in all spheres solely under his wise leadership and thereby converted in a historically short span of time their country into an independent socialist country with an advanced socialist system, firm foundation of independent national economy, mighty all-people defence system and brilliant national culture, and, on the basis of these brilliant successes, are keeping up the great revolutionary upsurge of Chullima on all fronts of socialist construction still today for bringing earlier the complete victory of socialism and the historic cause of national unification, while carrying on economic construction and defence upbuilding in parallel.

The delegation of the Communist Party of Spain expressed full support particularly to the ideas of *Juche* firmly upheld by the Workers' Party of Korea and the Korean people and stressed that the principle of *Juche* is the guiding principle of Marxism-Leninism and proletarian internationalism that must be adhered to by the Party of the working class of each country in revolution and construction.

The delegation of the Communist Party of Spain pungently denounced the U.S. imperialists and their faithful stooges, the Pak Jung Hi puppet clique, for ever more unscrupulously intensifying their fascist repression of South Korean revolutionaries and people, while stepping up to the extreme military provocations and war rackets against the Democratic People's Republic of Korea and manifested allout support to and firm solidarity with the just anti-U.S. national salvation struggle of the South Korean people for national liberation, democratic rights and national unification.

Considering that the root cause of the present extreme aggravation of the tension in Korea and the procrastination of the unification of Korea lies entirely in the occupation of South Korea by the U.S. imperialists and their policy of aggression, the delegation of the Communist Party of Spain strongly holds that the U.S. imperialist aggressors should quit South Korea without delay, taking all their aggression armed forces and war materials and Korea should be unified independently in a peacefull way on a democratic principle without any interference of outside forces in accordance with the programme put forth by the Workers' Party of Korea and the Government of the Democratic People's Republic of Korea.

The delegation of the Communist Party of Spain vehemently condemned Japanese militarism which has been revived as a dangerous aggressive force in Asia under the aegis of the U.S. imperialists and is again stretching out its talons of aggression to Korea and other Asian countries to realize its old dream of "Greater East Asia Co-prosperity Sphere" and expressed firm solidarity with the just struggle of the Korean people against the scheme of Japanese militarism to reinvade South Korea.

The delegation of the Workers' Party of Korea expressed thanks to the fraternal Communist Party and people of Spain for their active support to the just struggle of the Korean people for the socialist construction of the country and the independent unification of the fatherland.

The delegation of the Workers' Party of Korea highly appreciated the fact that the Communist Party of Spain organized and waged an indomitable heroic struggle for a long time, overcoming manifold difficulties and dangers under the difficult conditions of the rampant brutal terror and suppression and is fighting staunchly still today to put an end to the Franco dictatorship and for the democratic development of the country and the class emancipation of the working class.

Especially the delegation of the Workers' Party of Korea highly appraised the fact that the Communist Party of Spain proved at the cost of its blood the firmness of its internationalist conviction and its fidelity to Marxism-Leninism during the 1936-1939 Spanish Civil War and in the struggle against the Hitler fascist clique during World War II.

The delegation of the Workers' Party of Korea expressed great joy over fact that the Communist Party of Spain is leading the revolution independently by creatively applying the universal principles of Marxism-Leninism to the specific conditions and peculiarities of the development of the revolution in its country and is growing and strengthening into a powerful revolutionary force which has great strength and massive influence in the struggle.

The delegation of the Workers' Party of Korea greeted the working class of Spain and Spanish people who are actively waging the anti-U.S., anti-dictatorship struggle under the correct leadership of the Communist Party of Spain, their vanguard detachment, and expressed firm militant solidarity with them.

The anti-U.S., anti-dictatorship struggle of various forms the Communist Party of Spain and the Spanish people are waging today is a great contribution to the common struggle of the revolutionary peoples of the whole world against imperialism and colonialism headed by U.S. imperialism.

The delegation of the Communist Party of Spain expressed profound thanks to the fraternal Workers' Party of Korea and the Korean people for their warm support to and militant solidarity with the Communist Party of Spain and Spanish people who are struggling under the difficult conditions.

Bitterly denouncing the criminal acts of the U.S. imperialists who are intensifying the barbarous war of massacre in South Vietnam and persisting in brigandish aggressive acts against the Democratic Republic of Vietnam, the two sides actively support the four-point stand of the Government of the Democratic Republic of Vietnam, the ten-point proposal of the South Vietnam National Front for Liberation and the programme of action of the Provisional Revolutionary Government of the Republic of South Vietnam, the only just road to the solution of the Vietnam question, and express full solidarity with the heroic struggle of the fraternal Vietnamese people for their implementation.

The two sides actively support the heroic struggle of the fraternal Cuban people who are defending the gains of the revolution and successfully building socialism, while shattering the incessant aggressive manoeuvres of the U.S. imperialists, and manifest militant solidarity with it.

The two sides actively support the struggle of the Arab peoples against the U.S. imperialists and their lackeys, the Israeli aggressors, and for the liberation of Palestine and defence of territorial integrity and national sovereignty.

The two sides express solidarity with the peoples of Asia, Africa and Latin America who are struggling against imperialism and colonialism headed by U.S. imperialism and for freedom and liberation and the working class and toiling people of the capitalist countries who are struggling against exploitation and oppression by capital and for peace, democratic rights and socialism.

The imperialists headed by the U.S. imperialists are ceaselessly perpetrating aggression, pillage and acts of subversion and sabotage against the socialist countries and new-born independent countries in all parts of the world and bestially suppressing the revolutionary struggle of the peoples of all countries of the world for freedom and liberation.

U.S. imperialism is the ringleader of world imperialism, the main force of aggression and war and the most ferocious common enemy of the peoples of the whole world.

The two sides put stress on the necessity of all the anti-imperialist revolutionary forces of the world pooling strength and further intensifying the struggle against imperialism, U.S. imperialism in particular, and reaffirmed the correctness of the truth that though U.S. imperialism is bluffing, the peoples of all countries making revolution can beat down U.S. imperialism with decisively overwhelming power when they attack it from all sides and jointly mutilate it.

The two sides consider that in order to successfully wage the anti-U.S. struggle, it is necessary to intensify, while struggling against U.S. imperialism, the struggle against its faithful allies, Japanese and West German militarism.

The two sides expressed the firm determination to wage continuously and staunchly the anti-imperialist, anti-U.S. struggle till imperialism and colonialism headed by U.S. imperialism are finally defeated on the globe and to actively strive for the unity and solidarity of the socialist countries, international communist movement and anti-imperialist revolutionary forces on the principles of Marxism-Leninism and proletarian internationalism.

The two sides consider that the norms of mutual relations between the fraternal Parties and fraternal countries with complete equality, independence, mutual respect, non-interference in each other's internal affairs and comradely cooperation as the basic content should be strictly adhered to for strengthening the unity and solidarity of the socialist countries, the international communist movement and the world anti-imperialist revolutionary forces.

The two sides express satisfaction over the result of the visit of the delegation of the Communist Party of Spain to the Democratic People's Republic of Korea and think that this visit would make a great contribution to strengthening and developing fraternal friendship and solidarity between the two Parties and peoples of Korea and Spain.

Brilliant Results in Implementing Line of WPK on Economic Construction, Defence Upbuilding in Parallel

The heroic working class of Chullima Korea has been waging a vigorous struggle for pushing through the line of the Workers' Party of Korea on stepping up economic construction and defence upbuilding in parallel since the Conference of the WPK.

Marshal Kim Il Sung, the respected and beloved Leader, taught us:

"It is of paramount importance in our revolutionary struggle and construction work today to reorganize the whole work of socialist construction in line with the requirements of the prevailing situation and, especially, to carry on the building of the economy and defences in parallel so as to further increase our defence capacities to cope with the enemy's aggressive manoeuvres."

Wholeheartedly upholding the instructions of the Leader, the Korean working class successfully overfulfilled the plan for 1967, the first year of fulfilling the decisions of the Party Conference, and increased the total industrial output value 17 per cent above the previous year. Last year in particular, the working people again boosted the industrial output value by 15 per cent, by working with redoubled vigour under the strained situation in which the frantic war rackets of the U.S. imperialists became more undisguised than ever before. In accordance with the basic direction of the development of economy in the DPRK at present indicated by Marshal Kim Il Sung the working class has registered enormous achievements in capital construction for expanding the economic foundation of the country, while increasing production at high rate by making effective use of the economic assets already accumulated.

The full-scale commissioning of modern large-scale thermal power plants, the commissioning of the April 13 Iron Works, the completion of the factory synthesizing ammonia through the gasification of anthracite and a number of other chemical fertilizer factories, the commissioning of large-scale cotten textile mills, the extensive drainage projects in the countryside and numerous other projects which contribute to reinforcing the independence of industry, have successfully taken place.

The machine makers boundlessly faithful to the Leader have turned out high-efficiency lathes, 6,000-ton press, 1,000 h.p. large-size dredgers, 3,500-ton large-size ships and quantities of huge equipment and precision machines.

All these successes have been made under the wise leadership and warm solicitude of Marshal Kim Il Sung.

The on-the-spot guidance of Marshal Kim Il Sung to South Hamgyung Province and Hamheung city in 1967 marked a great turn in thoroughly carrying through the revolutionary line of the Party on carrying on economic construction and defence upbuilding in parallel.

The Leader visited the factory where Kim Jong Sung works on June 15 that year and told at an enlarged meeting of the factory Party committee about the correctness of the line on stepping up economic construction and defence upbuilding in parallel and earnestly instructed the working class of the factory and Hamheung to advance in the van of the struggle for implementing the line of the Party.

The workers of the factory whose hearts were set ablaze by the instructions of the Leader, worked the miracle of manufacturing a 6,000-ton press in a brief time.

They carried out their plan for 1967 almost three months ahead of schedule through a spark-flying increased production drive.

In 1968, they carried out their yearly plan nearly four months ahead of the set time.

They reported the innovation of lifting production by 40 per cent in one year.

The Red workers of the mine where Kim Yoon Yong works inspired by the instructions of the Leader given them in the course of his on-the-spot guidance to South Hamgyung Province and Hamheung city, increased the ore output 50 per cent above the previous year, tightly holding the rock-drills in the spirit of plunging the bayonets into the hearts of the U.S. imperialist aggressors bent on provoking a new war in Korea, and thus, they hoisted the flag of victory on the

Workers of the factory where Kim Byung Ho works are waging a vigorous increased production struggle to send more farm machines of different types to various areas of Chullima Korea, holding aloft the line of the Workers' Party of Korea on carrying on economic construction and defence upbuilding in parallel.

One More Medical College Set Up In Kangge

One more medical college was set up in Kangge, an industrial city in the northern region of the DPRK.

In the college set up on the personal initiative of the fatherly Leader Marshal Kim Il Sung, sons and daughters of workers and peasants will acquire advanced scientific knowledge and technique for five years to be qualified as doctors.

DPRK Papers Carry Articles on 2nd Anniversary of Death of Che Guevara in Battle

Rodong Shinmoon (the organ of the Central Committee of the Workers' Party of Korea) printed on Oct. 11 an editorial article headed "The Lofty Revolutionary Spirit of Comrade Che Guevara Will Be Immortal," commemorating the 2nd anniversary of the death of Comrade Ernesto Che Guevara in battle.

Saying that the Korean people, together with the revolutionary peoples of Latin America and the whole world, pay sincere tribute to the undying exploits of Comrade Che Guevara who dedicated his whole life to the revolutionary cause of Cuba and Latin America, the article continued:

Comrade Kim Il Sung, the great Leader of the 40 million Korean people, said as follows:

"Che Guevara was an indefatigable revolutionary who was tireless in struggle and a true internationalist champion who was completely free from narrow nationalist sentiments. Throughout his life he showed a fine example of a steadfast revolutionary fighter and real internationalist."

The article referred to the fact that Comrade Che Guevara, together with Comrade Fidel Castro, the outstanding national hero of the Cuban people, and other Cuban revolutionaries, waged a heroic armed struggle and made a great contribution to crushing U.S. imperialism and the Batista dictatorship, its stooge, and winning the historic victory of the Cuban revolution and left the land of Cuba in 1965 to shift the theatre of struggle to a new post and organized and waged a valiant armed struggle against the U.S. imperialist aggressors and their henchmen in various parts of Latin America.

The life of Comrade Che Guevara is an example of the indomitable revolutionary activities of the revolutionary fighters for smashing the upper class of the cursed old society and building a free and happy, new society and this example serves as a model for the revolutionary activities of the Latin American people and the Asian and African peoples and rouses them to heroic feats, the article noted.

Saying that the revolutionary activities of Ernest Che Guevara were a great contribution to consolidating the victory of the Cuban revolution and expediting the development of the revolution of Latin America, the article went on:

The victory of the Cuban revolution was the start of the disintegration of the colonial system of U.S. imperialism in Latin America and is powerfully inspiring the peoples of this continent to the sacred struggle for independence and freedom. This is why the U.S. imperialists and Latin American reactionaries are frenziedly machinating to undermine the Cuban revolution and block the advance of the liberation struggle of Latin American peoples.

Comrade Kim Il Sung said: **"Consolidation of the triumph of the Cuban revolution is not only an important problem which decides the life and death, the rise and fall of the Cuban people but also a key problem which sways the destinies of the general development of the Latin American revolution."**

In order to firmly defend the Cuban revolution, the decisive link in the Latin American revolution, and consolidate and develop its victory, it is very important to develop the revolutionary movement in the Latin American countries, the article said, and added:

Today peoples in Latin American countries are vigorously rising up in the struggle against U.S. imperialism and the reactionary dictatorial regimes, its stooges.

The ever mounting struggle of the Cuban people for revolution and construction and the rising anti-U.S. national liberation struggles of the Latin American peoples are merging into one current, making the revolutionary situation on this continent more and more favourable and dealing a heavier blow at the colonial rule of the U.S. imperialists, the article said.

The article continued:

Comrade Kim Il Sung, the respected and beloved Leader, said as follows:

"Che Guevara is not with us now. But the blood he shed will never be wasted. His name and the everlasting revolutionary exploits he performed will go down for ever in the history of liberation of mankind and his lofty revolutionary spirit will be immortal. There will appear thousands of, tens of thousands of Che Guevaras on the scene of decisive battle in the revolutionary struggle in Asia, Africa and Latin America, and the revolutionary cause which he left unaccomplished will surely be achieved by the struggle of the Latin American revolutionaries and the revolutionary peoples the world over."

Today the peoples of Asia, Africa and Latin America and all the revolutionary peoples of the world are waging a staunch struggle against U.S. imperialism and for bringing earlier the victory of the revolutionary cause of the peoples for peace and democracy, national independence and socialism.

When the world revolutionary peoples wage a fierce struggle to tear the limbs off U.S. imperialism all parts of the world, U.S. imperialism will become impotent and bite the dust in the end.

The fall of the U.S. imperialists and all other imperialist reactionaries is inevitable and the revolutionary cause of the peoples are to triumph.

A free and happy society where there no imperialist aggressor, nor exploitation nor plunder nor oppressor, which Comrade Che Guevara and numerous revolutionary fighters of the world has aspired after will surely be realized in all continents of the world through the struggle of the people, stressed the article in conclusion.

Minjoo Chosun also carried an article headlined "Che Guevara, an Indomitable Revolutionary Fighter and True International Champion."

JOINT COMMUNIQUE

Between Democratic People's Republic Of Korea and Syrian Arab Republic

PYONGYANG, (KCNA)—A joint communique between the Democratic People's Republic of Korea and the Syrian Arab Republic was made public on Oct. 6 in Pyongyang.

This is an expression of militant friendship linking the WPK and the Arab Socialist Baath Party and the Korean and Arab peoples.

During the stay of the delegation in the DPRK there were contacts and talks between Comrade Kim Il Sung, General Secretary of the Central Committee of the WPK, Head of State and Premier of the Cabinet of the DPRK, and Comrade Dr. Noureddine Al-Atassi, General Secretary of the ASBP, Head of State and Prime Minister of the SAR.

From the Syrian Arab side were His Excellency Hakem Al-Fyez, Member of the National Leadership of the Arab Socialist Baath Party; His Excellency Abdul Hamid Makdaad, Member of the Regional Leadership of the Arab Socialist Baath Party; His Excellency Dr. Mustafa Al-Sayed, Foreign Minister of the SAR; and Major General Moustapha Tlass, Member of the Regional Leadership of the ASBP and First Deputy Minister of Defence.

During the talks comprehensive opinions were exchanged the problems of relations between the DPRK and the SAR and on the ways of developing these relations in the interests of the Korean and Arab peoples.

The Korean side informed the other side of the successes made by the Korean people in socialist revolution and socialist construction under the leadership of the WPK led by Comrade Kim Il Sung, and clarified the resolve of the Korean people to fight till the liberation and unification of the whole territory of Korea is achieved. It gave an account of the threats of U.S. imperialism to the DPRK and preparedness of the Korean people and the Government for countering and fighting against the U.S. imperialist aggression.

The Korean side also acquainted the other side with the achievements gained by the Korean people in the course of developing all fields of the economy, culture as well as national defence.

The Korean side regarded the struggle of the Korean people as part of the struggle of the people of the world against imperialism headed by U.S. imperialism and its lackeys.

The Syrian Arab side informed the Korean leaders about the work carried out by the ASBP and the Government of the SAR in economic development and socialist transformation, and about their efforts directed to strengthening the independence of the country and its defence capacity.

It also clarified the determination of the Syrian Arab people to resolutely fight against colonialism in all parts, to crush colonialist Zionism and sweep away it from the Arab land, with a view to achieving the liberation and unity of the Arab fatherland under the guidance of the ASBP.

Touching upon comprehensively the international situation both sides congratulated the Asian, African and Latin American people on the victories gained in their struggle against the imperialists and racialists, both sides fully agreed that in order to put an end to colonialism and attain the victory of all the freedom-loving peoples in the world every possible support should be given to the national liberation movement in the countries of these regions.

Considering that the fight of the heroic Vietnamese people against the U.S. imperialists is part of the struggle of the peoples of all countries against U.S. imperialism, both sides acknowledged that support should be given to the revolution of the Vietnamese people.

Both sides congratulated the establishment of the Provisional Revolutionary Government of the Republic of South Vietnam and recognized that this Government is a genuine legal government representing the South Vietnamese people.

Both sides dealt with the situation in the Near and Middle East and with the aggression of imperialist Zionism against the Arab nations.

Both sides agreed that the existence of Zionism in the Arab land is no other than that of colonialist racism and that it constitutes a stepping-stone of world imperialism headed by U.S. imperialism.

Both sides noted unanimity of views that the peoples of all countries should unite to terminate the existence of this colonialism and crush all sorts of machinations of the imperialists to dominate these areas.

Both sides recognized that the fight of the Arab peoples against the existence of Zionist racism is part of the humanitarian movement against racism and colonialism.

Both sides congratulated the struggle of resistance of the Palestinian Arab people which manifests the will of the Arab people to restore their territory, and considered that this struggle of resistance, as a revolutionary movement for liberation, is part of the revolution of the world people against colonialism and racism.

Both sides reached unanimity of views that every possible support should be given to this struggle of resistance so that they may play a vanguard, practical role in the struggle against the Zionist racialists and their master the U.S. imperialists.

The Syrian Arab side expressed its absolute support to the Korean people in their struggle against the U.S. imperialists and manifested its support to the efforts of the DPRK for the liberation of South Korea and national unification.

Both sides regarded that the U.S. troops' occupation of South Korea is illegal and spells menace to universal peace and security, and agreed that the U.S. troops must pull out of South Korea so that the Korean people can shape their destiny freely.

Both sides also agreed that the "U.N. Commission for the Unification and Rehabilitation of Korea" must be dissolved.

The existence of this commission is nothing but an interference of the international organization in the problem of the Korean people themselves.

In restoring the unification of the Korean nation any international organizations must neither discuss nor decide the destiny of the Korean people who have the right of determining their fate themselves.

Both sides exchanged views on the relations between the Workers' Party of Korea and the Arab Socialist Baath Party and stressed the necessity of strengthening the relations between the two Parties.

Both sides expressed conviction that the continuous talks and exchange of opinions between the representations of the two Parties would conduce to further deepening understanding and promoting friendship between the two Parties.

Thus both sides reached unanimous views that such continuous contacts will cement the friendship between the peoples of Korea and the Syrian Arab Republic, ensure the interests and security of the peoples of the two countries and of all countries, serve the cause of peace, national independence, social progress and the freedom of the people and unite all the anti-imperialist forces.

The talks and meetings held between the two sides open out a new important occasion for further expanding and deepening the relations of friendship between the DPRK and the SAR.

Comrade Dr. Noureddine Al-Atassi, General Secretary of the Arab Socialist Baath Party, Head of State and Prime Minister of the Syrian Arab Republic, invited Comrade Kim Il Sung, General Secretary of the Central Committee of the Workers' Party of Korea, Head of State and Premier of the Cabinet of the Democratic People's Republic of Korea, to visit the Syrian Arab Republic.

The invitation was accepted with gratitude and the date of visit will be fixed in the future.

DPRK Foreign Ministry Flays U.S. Imperialists for Expanding Aggressive War against Laos

PYONGYANG, (KCNA)—The Foreign Ministry of the Democratic People's Republic of Korea issued a statement Oct. 10 supporting the September 27 statement of the C.C. of the Laotian Patriotic Front which was made public in denunciation of the moves of the U.S. imperialists to expand the aggressive war against Laos.
The statement of the DPRK Foreign Ministry says:

Lately the U.S. imperialists are openly stepping up the reckless scheme to further expand the aggressive war against Laos.

The U.S. imperialist aggressors, directly commanding the reactionary bandits including the Rightist puppet troops of Laos and the Thai puppet army, are intensifying a large-scale bombing drive and "campaigns" against the liberated areas of Xieng Khoang (the plains of Jars) and Sam Neua Provinces.

In this connection the Central Committee of the Laotian Patriotic Front issued a statement, pungently denouncing the aggressive manoeuvres of U.S. imperialism and its lackeys and manifesting once again the firm determination of the Laotian people to fight to the end for the liberation and national independence of the country.

The Government of the Democratic People's Republic of Korea and the entire Korean people vehemently condemn with surging indignation the bestial aggressive acts of the U.S. imperialist aggressors against the Laotian people and fully support the statement of the Central Committee of the Laotian Patriotic Front issued on September 27, 1969.

In an attempt to bolster up the Rightist puppets of Laos who are sustaining defeats under the powerful blow of the Laotian people and patriotic armed forces, the U.S. imperialists bestially bombed the liberated areas of Xieng Khoang and Sam Neua Provinces at the end of last July and launched a "campaign" against the Xieng Khoang liberated area in mid-August, dragging out more than 20 battalions of the Rightist puppet troops of Laos and even mercenary troops of Thailand. On September 20 they launched a large-scale "campaign" against Lower Laos and are continuously attacking the liberated areas by mobilizing large armed forces.

This is a link in the premeditated scheme of the U.S. imperialist aggressors to save their position from the predicament by further expanding the aggressive war in Laos and show all the more clearly that U.S. imperialism is the very one perpetrating the aggressive war in Laos.

The U.S. imperialists are foolishly trying to cover up their aggressive act against Laos, twaddling that the U.S. imperialist aggressor troops "are not participating in military operations" in Laos. But with no deceptive trick can they veil their aggressive nature.

Today the Patriotic armed forces and people of Laos under the leadership of the Laotian Patriotic Front are dealing blows in succession at the U.S. imperialist aggressors and their lackeys and winning brilliant victories, driving the enemy into the pit of ruin.

The anti-U.S. national salvation struggle waged by the Laotian people is a sacred struggle for their national liberation and a just struggle for defending peace and security in Indochina and Southeast Asia.

The Korean people will as ever stand firm on the side of the heroic Laotian people in the struggle against the U.S. imperialist aggressors, the common enemy, and their henchmen and actively support and encourage their just struggle with might and main.

The master of Laos is the Laotian people and the Laotian question must be solved by the Laotian people themselves without the interference of the U.S. imperialist aggressors.

The U.S. imperialists must stop at once their bombing drive and "campaigns" against the liberated area of Laos, withdraw all the U.S. imperialist aggressor troops and puppet troops from the temporarily occupied area, strictly observe the 1962 Geneva Agreement on Laos and take their blood-stained hands off Laos for good.

If the U.S. imperialists persist in their brigandish aggressive war against the Laotian people in defiance of the unanimous denunciation of the Korean people and the world people, they will be unable to escape a more shameless defeat.

The Laotian people closely rallied around the Laotian Patriotic Front will surely crash the U.S. imperialist aggressors and their lackeys and win victory in the struggle for building a peaceful, unified, independent, neutral, democratic and prosperous Laos.

height of ore which the Leader had told them to scale by 1970.

The workers of the mine where Kim Kyoo Won works rose up in the struggle for increased ore production, bearing in mind the words of the Leader in January 1967 that a greater amount of non-ferrous metal is needed for the implementation of the Party's line on carrying on economic construction and defence upbuilding in parallel put forth at the Party Conference.

Through a high-pitched socialist emulation, they turned out twice as much non-ferrous metal as they had decided to produce.

The flames of the great revolutionary upsurge expanding throughout the country, the coal industrial workers victoriously captured the main heights of the Seven-Year Plan already last year.

The industrial output in the northern half of the DPRK grows at such high tempo, though huge manpower and material resources are allotted to defence upbuilding, when others say it is normal to raise the industrial output four or five per cent a year and it is remarkable if it goes on seven or eight per cent.

The working class of the northern part of the Republic, while making a vigorous advance, upholding the revolutionary line of the Party on stepping up economic construction and defence upbuilding in parallel, looks ahead to a clear prospect of victoriously scaling this year the high eminence of the Seven-Year Plan.

DPRK Foreign Ministry Statement Declares

Null, Void Any U.N. "Resolution" without DPRK Participation and Consent

PYONGYANG, Oct. 15 (KCNA) — The Foreign Ministry of the Democratic People's Republic of Korea issued a statement on Oct. 15 in connection with the fact that socialist countries and many peace-loving states in Asia and Africa have put forth at the 24th session of the U.N. General Assembly a draft resolution to make the representative of the Democratic People's Republic of Korea take part in the discussion of the question on Korea.

The statement reads in full:

In connection with the forthcoming discussion of the question on Korea at the 24th session of the U.N. General Assembly, socialist countries and many peace-loving states in Asia and Africa have put forth a draft resolution to make the representative of the Democratic People's Republic of Korea take part in it.

The Government of the DPRK demands that since the question on Korea is to be discussed at the United Nations, the representative of the DPRK, the party directly concerned, should participate in it.

At the United Nations today delegates of more and more countries actively demand that the representative of the DPRK should be allowed to take part in the discussion of matters concerning Korea.

Nevertheless, the question of the participation of the representative of the DPRK in the discussion of matters concerning Korea has not been solved yet owing to the unwarranted obstructionist manoeuvrings of the U.S. imperialists.

Talking about the so-called "conditional invitation" the U.S. imperialists have stubbornly obstructed the participation of the representative of the DPRK.

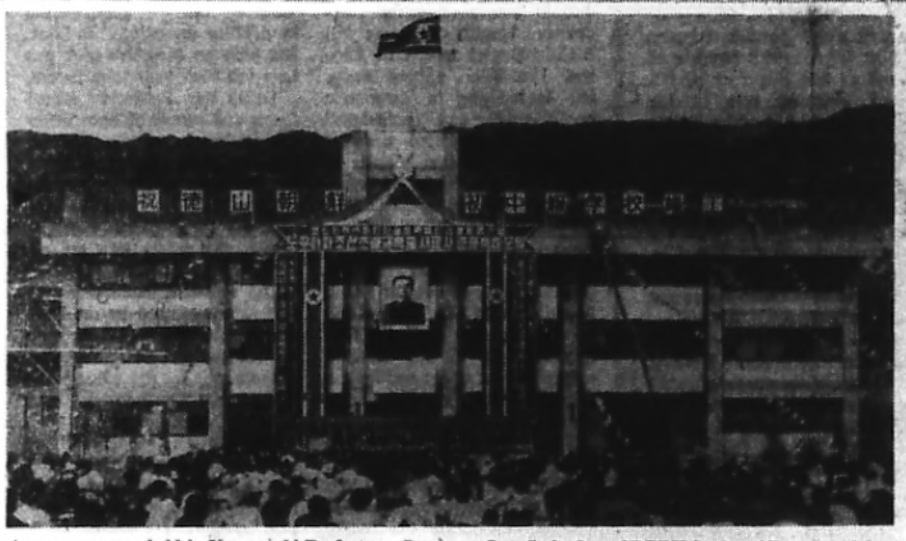
It is impossible from the outset to prevent the participation of the party concerned in the discussion of the question at the United Nations and, what is more, it is an utter violation of the U.N. Charter to talk about any "condition."

The Government of the DPRK has always respected and respects the Charter of the U.N. and its objectives.

If the U.N. is to behave itself truly in accordance with its Charter, it should immediately allow the representative of the DPRK to participate in the discussion of the question concerning Korea as has already been proposed.

The Government of the DPRK will declare null and void any "resolution" to be trumped up contrary to the interests of the Korean people without participation and consent of its representative and will never recognize it.

October 15, 1969, Pyongyang



A ceremony was held in Yamaguchi Prefecture, Japan, on Oct. 5, the day of DPRK Students' Day, to celebrate the completion of the building of the newly founded Tokuyama Korean Primary and Middle School.

Korean compatriots of various sections under the Yamaguchi Prefectural Headquarters of CHONGRYUN (the General Association of Korean Residents in Japan) erected this school building with high patriotic zeal as a gift of loyalty to the respected and beloved Leader Marshal Kim Il Sung, on the occasion of the 21st anniversary of the founding of the DPRK. This is another great success made in the struggle of Korean citizens in Japan to develop their democratic, national education work, holding high the educational ideas of the great Leader.

Shameless Scheme of Pak Jung Hi Clique for "Constitutional Amendment"

To be bitterly denounced is the "special statement" issued by traitor Pak Jung Hi, a faithful stooge of U.S. imperialism, on the threshold of the so-called "referendum" on Oct. 17 and the South Korean people must rise up as one to decisively frustrate the scheme of the "constitutional amendment for third-term election" by traitor Pak Jung Hi, a faithful lackey of the U.S. imperialists.

The so-called "special statement" made public on the threshold of the "referendum" is nothing but a foolish chatter of the Pak Jung Hi puppet clique to cover up their treacherous anti-popular nature and put into effect at any cost the "constitutional amendment for third-term election" aimed at long-term "office."

In the "special statement," the Pak Jung Hi clique once again revealed to the full their ugly colour as the faithful stooge of the U.S. imperialists and their ambition for long-term "office."

All their crimes exposed, the U.S. imperialists and the Pak Jung Hi clique, who, much embarrassed by the struggle of the South Korean students and people against the "constitutional amendment for third-term election," are resorting to all desperate manoeuvres to carry into effect their sordid ambition for long-term "office" and prop up their crumbling colonial rule in South Korea.

In a word, the so-called "special statement" of traitor Pak Jung Hi is the last-ditch effort to carry out by all means the "constitutional amendment for third-term election," seeking the sinister aim of staying in "office" for a long term.

The vicious "constitutional amendment for third-term election" by traitor Pak Jung Hi, a faithful lackey of the U.S. imperialists

With no oppression or artifice, however, can the Pak Jung Hi puppet clique deceive the South Korean people or cover up their treacherous nature.

If the long-term "office" design of traitor Pak Jung Hi, an arrant traitor, comes into effect, the rascal will, no doubt, as a traitor and fascist element, drive South Korean society deeper into bankruptcy and impose poverty and non-right upon the people for the implementation of the U.S. imperialist policies of aggression and war.

The South Korean people should firmly unite with all the strata and all the forces opposing the military fascist dictatorship of the Pak Jung Hi puppet clique and wage a determined anti-government struggle.

The South Korean people, through their decisive struggle, should liquidate the colonial rule of U.S. imperialism, overthrow the landlords, comprador capitalists and the reactionary bureaucrats and build up a democratic power defending the interests of the workers, peasants and all other strata of the people and at the same time, wage a more resolute struggle to achieve the peaceful unification of the fatherland.

Victory is in store for the South Korean people fighting against the country-selling, treacherous acts of the Pak Jung Hi military gang, stooges of U.S. imperialism.

The South Korean people should rise up as one and wage a more staunch struggle to overthrow the traitorous Pak Jung Hi clique, the faithful stooge of the U.S. imperialists.

Delegates of Many Countries Demand: *U.S. Imperialists Withdraw from S. Korea, "UNCURK" Disbanded*

At the 24th U.N. General Assembly session, representatives of many countries trenchantly denounced the brazen-faced act of the U.S. imperialists who illegally included the so-called "Korean question" into the agenda on the basis of the deceptive "annual report" of the "U.N. Commission for the Unification and Rehabilitation of Korea," their tool of aggression, and strongly demanded the withdrawal of U.S. imperialist aggressor troops from South Korea and the immediate dissolution of the "UNCURK," the aggressive tool of the U.S. imperialists, according to foreign news dispatches from New York.

As is known, representatives of socialist countries and many Asian and African countries proposed to discuss as separate items of the agenda "the question of the withdrawal of U.S. and all other foreign troops occupying South Korea under U.N. flag" and "the question of the dissolution of the United Nations Commission for the Unification and Rehabilitation of Korea," a tool of aggression of the U.S. imperialists.

Such move of the U.S. imperialists evoked protest and denunciation among representatives of many countries.

In his speech made at the 24th session of the U.N. General Assembly Gromyko, Head of the Soviet delegation, emphasized that the Soviet Union cannot overlook the fact that the U.S. imperialists are abusing the U.N. flag to justify their occupation of South Korea.

Pointing to the aggravation of the situation in Korea owing to the provocative acts of the U.S. imperialists against the Democratic People's Republic of Korea, he called for adopting a clear-cut decision on the withdrawal of all foreign troops from South Korea.

Ivan Bashev, Bulgarian representative, said that the tension created in Korea and the rest of Asia and the Near and Middle East cannot be eased unless the U.S. imperialist aggressor troops and all other foreign troops are completely withdrawn from these areas.

The U.S. imperialist aggressor troops' occupation of South Korea and their provocations against the DPRK increase the tension in Korea and gravely menace peace in this area, he said. He exposed and denounced the U.S. imperialists' flagrant interference in the internal affairs of Korea.

Exposing that the U.S. imperialists have turned South Korea into their military base for Asian aggression he noted that the occupation of South Korea by U.S. troops and the acts of aggression cannot be justified or defended by the U.N. flag.

He called for adopting a clear and resolute decision on the withdrawal of all foreign troops from South Korea and the discontinuation of the work of the so-called "U.N. Commission for the Unification and Rehabilitation of Korea."

The Ukrainian Soviet Socialist Republic proposed, together with other socialist countries and a number of Asian and African countries, to include in the discussion of the U.N. General Assembly session the "question of the withdrawal of the U.S. and all other foreign troops occupying South Korea under the U.N. flag."

The Byelorussian and Mongolian representatives also denounced the U.S. imperialist occupation of South Korea and demanded the withdrawal of the U.S. imperialist aggressor troops from South Korea and the dissolution of the "UNCURK."

Mongolian representative Toiv emphasized that the U.N. General Assembly session should take a positive step for the withdrawal of the U.S. aggressor troops from South Korea.

GDR Foreign Ministry Issues Statement Supporting Memorandum of DPRK Gov't

In his statement, the spokesman of the Foreign Ministry of the German Democratic Republic called for meeting the just demand of the Government of the DPRK for withdrawing the U.S. imperialist aggressor troops and other foreign troops from South Korea, dissolving the "UNCURK" and excluding so-called "Korean question" from the agenda of the U.N. General Assembly.
